

PRELIMINARY TRAINING PROGRAM 2015

No.	COURSE	LANGUAGE	HOURS	DATE	REGISTRATION DEADLINE	PROFESSOR
Renewable Energy						
1	Management of Wind and Solar Projects	English	10	29/06 al 20/07	24-jun	To be defined
2	Economic Analysis of Renewable and Non Renewable Energy	Spanish	10	31/08 al 21/09	26-ago	To be defined
3	Technical, economic and environmental management of biofuels.	Spanish	10	09/02 al 4/03	04-feb	To be defined
4	Technical, economic and environmental management of biofuels.	English	10	09/02 al 4/03	04-feb	To be defined
Electricity						
5	Smart Grids for sustainable communities: Design, development, operation and maintenance.	Spanish	10	16/03 to 1/04	11-mar	To be defined
6	Smart Grids for sustainable communities: Design, development, operation and maintenance.	English	10	16/03 to 1/04	11-mar	To be defined
7	Project Management on regional electrical integration.	Spanish	10	28/09 to 21/10	23-sep	To be defined
8	Power generation and distribution of regional electricity markets	Spanish	10	26/10 to 18/11	21-oct	To be defined
Energy Efficiency						
9	Implementation of the ISO 50001 standard for energy efficiency	Spanish	10	29/06 to 20/07	24-jun	To be defined
10	Energy efficiency in the transportation, industrial and construction sector.	English	10	31/08 to 21/09	26-ago	To be defined
Legislation and Regulation						
11	Regulation of electricity transmission and distribution: Monitoring and impact	Spanish	10	27/07 to 19/08	22-jul	To be defined
12	Formulation and analysis of regulatory frameworks for renewable energy and energy efficiency.	English	10	28/09 to 21/10	23-sep	To be defined
13	Management of fees and energy subsidies	Spanish	10	24/02 to 26/03	19-feb	To be defined

Hydrocarbons						
14	Efficient use of hydrocarbons in the residential, commercial, transportation and industrial sectors.	Spanish	10	20/04 to 15/05	15-abr	To be defined
15	Efficient use of hydrocarbons in the residential, commercial, transportation and industrial sectors.	English	10	20/04 to 15/05	15-abr	To be defined
16	Tax Management in Downstream activities	Spanish	10	07/04 to 07/05	01-abr	To be defined
17	Strategies to solve Hydrocarbons's traffic	Spanish	10	12/05 to 11/06	07-may	To be defined
Energy Planning						
18	Sustainable Energy Planning Program based on the methodology of OLADE	Spanish	40	10/03 to 14/05	02-mar	OLADE
19	Sustainable Energy Planning Program based on the methodology of OLADE	English	40	10/03 to 14/05	02-mar	OLADE
20	Optimization in the national energy planning	Spanish	10	08/09 to 08/10	03-sep	To be defined
Energy, Environment and Society						
21	Development of green economy indicators	Spanish	10	25/05 to 15/06	20-may	To be defined
22	Development of green economy indicators	English	10	03/06 to 28/06	20-may	To be defined
23	Analysis of energy and environmental policies before climate change	Spanish	10	20/10 to 24/11	15-oct	To be defined

TOTAL HOURS

290
