Energy Minister Meets the Contractors and General Workers Trade Union

Newly appointed Energy Minister, the Honourable Nicole Olivier together with the Ministry's Permanent Secretary, Mr. Selwyn Lashley, this week met with Mr. Aynsley Matthews, President of the Contractors and General Workers Trade Union in the Ministry's Head Office in Port-of-Spain.

The Union met the Minister on behalf of the workers of the Lake Asphalt of Trinidad and Tobago (1978) Limited.

Discussions at the meeting centered on the concerns raised by the workers surrounding alleged mismanagement by senior officials at the company which has resulted in the plant being shut down over the past three weeks. The workers were seeking the Minister's intervention in resolving the current impasse so that the plant can resume operations.
